

CLAIM – EVIDENCE – REASONING

1. Claim

What do you know?

- Do NOT use the words _____, _____, or _____
- 1 simple _____ only

One sentence that answers the question.

2. Evidence

How do you know that?

- Choose a _____
- _____ Sentence
- Do not use _____
- Best evidence is _____ data if available

Information, quotes, data or observations.

4. More Evidence

How do you know that?

- Choose a new _____
- _____ Sentence
- Do not use _____
- Good evidence shows a _____

More information, quotes, data or observations.

3. Reasoning

Why does your evidence support your claim?

- _____ MUST MATCH
- _____ sentences required
- Use the word _____ here
- Mathematical difference if _____ data was used as evidence

Explain how or why the evidence connects to the claim?

5. More Reasoning

Why does your evidence support your claim?

- New _____ MUST MATCH
- _____ sentences required
- Use the word _____ here
- Scientific explanation of "HOW/WHY" it connects

New reasoning to connect the 2nd piece of evidence.

IMPORTANT TO REMEMBER:

- ✓ Do NOT Repeat ideas
- ✓ Do NOT use "First Person" terms
- ✓ Use a sentence starter or transition word
- ✓ Cite sources (Title, Author, Genre)

How do results connect with the claim?
